New Regulation Implementation Timeline

*New marijuana regulations (<https://www.leg.state.nv.us/Register/2017Register/R092-17A.pdf>) call for significant compliance changes. The department is providing the industry with time to comply with certain regulations. Below you will find the timeline for compliance and the referenced regulation section for your convenience. Please read the regulation associated with each item. Anything not mentioned in this list must be implemented immediately. **Failure to comply after the specified dates will result in civil penalties and/or further administrative action.***

If you have questions, compliance staff is available to help. Send your questions to marijuana@tax.state.nv.us.

For Immediate implementation:

1. Lab sample size of 10 grams (Sec. 197).
2. Microbial tests requirements have changed (Sec. 197).
3. Civil penalties may be imposed (Sec. 120).
4. Retail store may not deliver more than 5 ounces to consumers within a single trip. Only one ounce per consumer (Sec. 152).
5. Chemical sanitizer must be readily available in spray bottle or bucket at all times in production (Sec. 171).
6. An establishment may not have product tested by two different testing facilities without permission (Sec. 202).
7. Transportation of product valued over \$25,000 requires 2 agents (Sec. 215).
8. No label size limit, font must be at least 8 pt. (Sec. 222).
9. Retail stores may only sell marijuana-related products. Cannot sell non-marijuana food or personal items (Sec. 148). **May sell through existing inventory within 30 days from the date of this notice, until 4/19/2018.**
10. Labeling changes (Sec. 223-226).
11. MMEs may obtain ME license prior to November 2018, regardless of when they obtained their medical registration certificate (Sec. 77).
12. Department may seize equipment and supplies (Sec. 86).
13. Will revoke recreational license if not operational within 12 months (Sec. 87).
14. Hairnets required for production staff (Sec. 112).
15. Immediate suspension for operating during an Imminent Health Hazard without self-closing and notifying the Department (Sec. 123).
16. Sale limits for concentrates 3500mg THC (Sec. 147).

May 1, 2018-

1. Dispensary ID scanners approved by the department (Sec. 145).
2. All edibles in opaque packaging (Sec. 219).

June 1, 2018-

1. Labs must retain samples that fail for 30 days (Sec. 202).
2. Changes to Security camera requirements (Sec. 111).

July 1, 2018-

1. Cultivation must have one certified pest control applicator on staff (Sec. 187).
2. Packaging of liquids to demark servings or have measuring device (Sec. 219).
3. Multiple serving edibles must be demarked or individually wrapped (Sec. 219).
4. Packaging size limits for marijuana products (Sec. 222).
5. Testing for Aspergillus (Sec. 197).
6. Testing for shelf life (Sec. 166).
7. Testing for pesticides, mycotoxins, and heavy metals in concentrates (Sec. 197).
8. Testing for homogeneity (Sec. 197- 198).
9. Testing water activity or pH (Sec. 197).

September 1, 2018-

1. Lab demonstrate validity of methods (Sec. 196).
2. Security Manager on staff (Sec. 111).

January 1, 2019-

1. ISO Accreditation for labs (Sec. 196).
2. Stamping edibles with symbol (Sec. 229).

****Any items not mentioned above must be implemented immediately.***
